

Verbrauchsdaten der RAICO Bautechnik GmbH

Consumption data of RAICO Bautechnik GmbH

> Wasserentnahme, Wasserrückführung, Wasserverbrauch, Stress Level

Water withdrawal, water discharge, water consumption, stress level (municipal supply system)

	2022	2023	Änderung
Wasserentnahme (m³) withdrawal	766	1.169	+ 52,61 %
Wasserrückführung (m³) * discharge	766	1.169	+ 52,61 %
Wasserverbrauch (m³) consumption	0	0	-
Stress Level:	medium – high (20-40%)	medium – high (20-40%)	-

Aqueduct Water Risk Atlas (wri.org)

* The recycled water is domestic wastewater that is discharged directly into the sewerage system and treated by the local wastewater treatment plant in Pfaffenhausen. No wastewater treatment takes place at the RAICO Bautechnik GmbH site in Pfaffenhausen.

> Energieverbrauch innerhalb der Organisation

Energy consumption within the organisation

	2022	2023	Änderung
Gasverbrauch (kWh) gas consumption	742.667	757.979	+ 2,06 %
Stromverbrauch (kWh) electricity consumption	323.356	311.081	- 3,80 %

> Treibhausgasemissionen (GHG Protocol Corporate Standard: 2015)

Greenhouse gas emissions

	2022	2023	Änderung
Scope 1 (t CO₂e)	135	138	+ 2,06 %
Scope 2 (t CO₂e)	86	23	- 73,26 %
